open year round.

See STAFFED RECYCLING CENTER instructions

PLASTICS #1 THRU #7

ALUMINUM CANS

TIN AND METAL CANS

GLASS JARS AND BOTTLES

NEWSPAPERS

Plastics

Some plastics are not accepted even though
they are coded with a number:

microwavable food trays, produce and deli
containers, 5-gallon pails, toys, flower pots,
plastic bags, plastic wrap, styrofoam,
tupperware, plastic cups, plates and
utensils.

These types of plastics are hard to recycle
into new products.

WHY RECYCLE?

Substituting scrap for virgin material
conserves natural resources and reduces
the amount of waste that must be
landfilled. It reduces pollution and the
demand for energy.
