

Carlton County Zoning & Environmental Services

Green Schools Project Application

This grant program aims to reduce waste and increase recycling in Carlton County Schools. Through this program, schools can spend up to \$2,000 on eligible purchases to complete these goals. Schools will also develop a Green Team to educate staff and students and to ensure these purchases will continue to improve the school in the future. Upon successful completion of these goals, students and staff will gain valuable knowledge of the importance of recycling and recycling methods they can apply at home. Working with institutions such as schools will aid in the effort to increase the county’s overall recycling rate and reduce waste to landfills.

I. APPLICANT INFORMATION

To be considered for the Carlton County School Recycling and Waste Reduction Grant, applicants must complete the entire application form. Applications may be submitted at any time. Consideration will be based on the available funds, eligibility requirements, and project criteria established by Carlton County Zoning & Environmental Services (*see Requirements*). A complete application is required for each school facility applying.

Applications may be submitted via mail or scanned and emailed to:

Karola Dalen, Resource & Recycling Coordinator

PO Box 220

Carlton, MN 55718

karola.dalen@co.carlton.mn.us

Date Submitted: _____
