

Carlton County Ordinance No. 33

Ordinance for the Management of All-Terrain Vehicles In the Public Right-of-Way of Roads Within the Jurisdiction of Carlton County

Article 1. Purpose and Intent

WHEREAS, Minnesota Statutes 84.92 – 84.928 regulate the operation of all-terrain vehicles; and

WHEREAS, Minnesota Statutes 84.928, subdivision 1(a), and subdivision 1(k), authorize the County Board to enact an ordinance that provides for the operation of all-terrain vehicles on a public road or street under its jurisdiction to access businesses and residences and to make trail connections; and

WHEREAS, Minnesota Statutes 84.928, subdivision 6(c)(2), authorizes the County Board to enact an ordinance that provides for the operation of all-terrain vehicles on the road right-of-way, shoulder, or inside bank or slope of a County Highway or County State-Aid Highway, if safe operation in the ditch or outside slope is impossible and the County posts the appropriate notice, notwithstanding any law to the contrary; and

WHEREAS, the steep slopes, wetlands, and natural terrain in many County Road ditches make safe slope operation of all-terrain vehicles impossible at times; and

WHEREAS, regulating all-terrain vehicle use in the ditches and outside slopes of County Highways and County State-Aid Highways will help protect the environment by decreasing sedimentation in County surface waters, protecting wetlands and preserving County Road ditches; and

WHEREAS, most County Roads are appropriate for mixed use and allow for safe operation of all-terrain vehicles on the right-of-way shoulder, with proper safety restrictions; and

WHEREAS, Carlton County recognizes that County residents, land owners, businesses and visitors are interested in allowing all-terrain vehicles on County Roads.
