| <b>DOES THE USE LACK SPECIFIC EXISTING OR NEW INFRASTRUCTURE?</b> | YES | NO |

Keep in mind that the Planning Commission members, to whom this application is being presented, may not have personal experience or understanding of your particular intended use of the property. You will want to give a full description of your intended operation and how it will function, not just a title, such as “store” or “home business.” Keep in mind that the Planning Commission will use this information to determine whether to process your request as a Conditional Use Permit (runs with the land so long as conditions are adhered to) or Interim Use Permit (temporary use which will terminate at some future time, most often triggered by an event such as sale of a property, a specific date or a change in zoning regulations).

**PROVIDE A DETAILED DESCRIPTION AND REASON FOR THE REQUEST ON A SEPARATE PIECE OF PAPER THAT ADDRESSES THE FOLLOWING:**

- 1) Is the proposed use specifically listed in the zoning district in Carlton County Ordinance #27?  
 If not, please address the following issues on a separate piece of paper:
  - a) Is the use similar in nature to other uses listed in the same zoning district?
  - b) Does the proposed use create a greater potential for impacts other than those listed? Can potential impacts be mitigated with appropriate conditions?
  - c) Is the proposed use compatible with adjacent land uses?
  - d) Is the proposed use consistent with the Carlton County Comprehensive Plan or the intent of Carlton County Zoning Ordinance #27?
  
- 2) Is the proposed use injurious to the use and enjoyment of other property in the immediate vicinity for the purpose already permitted, or substantially diminish and impair property values within the immediate vicinity?
  
- 3) Will the establishment of the conditional or interim use permit impede the normal and orderly development and improvement of surrounding vacant property for uses predominately in the area?
  
- 4) Are there adequate utilities, access roads, drainage and other necessary facilities? If not existing, how will they be provided?
  
- 5) Have adequate measures been taken, or will be taken, to provide sufficient off-street parking and loading space to serve the proposed use?
  
- 6) Have adequate measures been taken, or will be taken, to prevent or control offensive odor, fumes, dust, noise and vibration, so than none of these will constitute a nuisance, and to control lighted signs and other lights in such a manner that no disturbance to neighboring properties will result?

4 = M & B refers to a parcel of land created by metes and bounds description and includes other non-platted parcel descriptions.

5 = Plat refers to a parcel of land created by the platting procedures of the Carlton County Subdivision Ordinance.

6 = Minimum lot area is 1/2 area with public sewer.

7 = Non-sewered riparian lot areas are: NE:80,000 sq. ft., RD:40,000 sq. ft.; GD:20,000 sq. ft. See Art. 4, Sec. 4, Subd. H.7. for additional dimensional standards.

8 = Buildable area is a contiguous land area which is unencumbered by surface water, wetlands, floodplain, exposed bedrock, or slopes in excess of 12%.

9 = Non-sewered riparian lot widths are: NE:200 ft., RD:150ft.; GD:100 ft. See Art. 4, Sec. 4, Subd. H.7. for additional dimensional standards.
